

A place to land. A place to belong.

At The Nest, we believe every child is capable, curious, and deeply connected to the world around them. Inspired by the Reggio Emilia philosophy and grounded in the warmth of family culture, we've created a learning environment that feels like home — safe, welcoming, and full of possibility.

“We partner closely with families to create a village of support where every child feels seen, heard, valued, and empowered to spread their wings.”

Our vision

To become the most trusted early learning community in Bali — where children feel a deep sense of belonging and every child develops the confidence, curiosity and resilience to thrive.

Our mission

To provide a safe, nurturing, and inspiring second home where children learn, explore, and grow at their own pace — in partnership with every family.

Preparing wings to fly

Three foundations hold everything else up. They are the reason our days are shaped the way they are.

Care

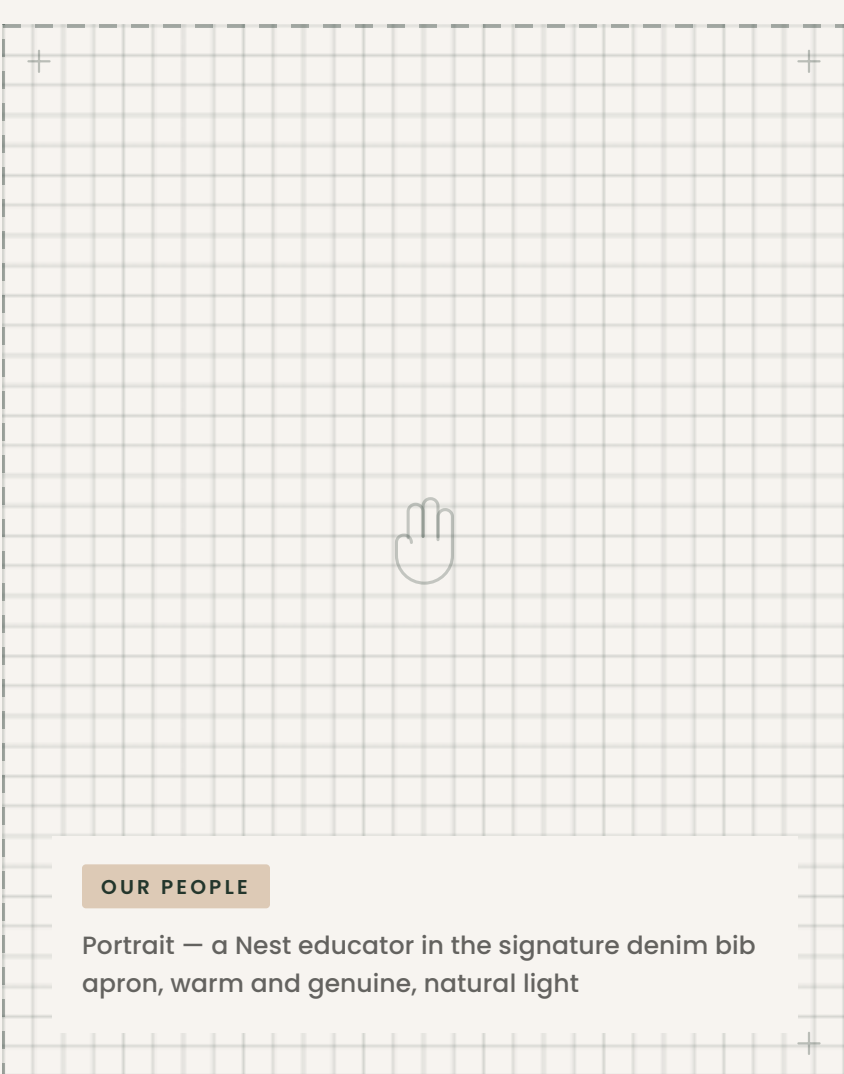

Safety & Trust — Warm, responsive relationships where every child feels seen and valued.

Development

Structured Learning — An age-based framework supporting language, motor and social growth.

Experience

Immersive Environments — Nature, creativity and movement shape daily learning experiences.

Nurturers. Guides. Co-Learners.

We don't simply hire for qualifications — we hire for character. Every educator builds trusting relationships, practises child-led learning, and celebrates each child's unique pace of development.

MEET OUR PEOPLE & CARE →

We nurture.
We inspire.
We empower.

- ✓ Safe, emotionally supportive environments
- ✓ Curiosity, creativity and exploration
- ✓ Confidence, independence and resilience

HOW CHILDREN LEARN HERE →

Handbook PDF to be supplied by the centre.

Come and see The Nest for yourself.

We would love to meet your family and show you around our Umalas campus — the rooms, the garden, and the educators your child would be with.
