

HOME → CHILD SAFETY

Keeping every child safe, every day.

A secure, transparent campus — by design, not by exception. These are the protections we hold ourselves to, written plainly so you can check them against anywhere else you visit.

Secure Campus Protocols

The gate is the first thing you will notice, and that is deliberate. Nobody reaches a child without being on your list, and the record of who came and went is kept so that a question about any given day can be answered honestly.

- ✓ Access-controlled entry for authorised parents, guardians and staff
- ✓ High-definition CCTV across learning, sleeping and outdoor areas
- ✓ Every arrival and departure recorded for accountability

Staff Screening

This standard covers everyone who sets foot on campus — not only educators, but administrators, teaching assistants, cleaners, gardeners, drivers and our security team. There is one bar, and it does not move.

- ✓ Identity verification
- ✓ Professional references
- ✓ Background screening
- ✓ Child-safeguarding compliance

Safe Sleep & Medical Care

The youngest children carry the most individual arrangements, and each is planned for that child rather than applied as a general rule. Lead educators keep their pediatric first-aid certification current.

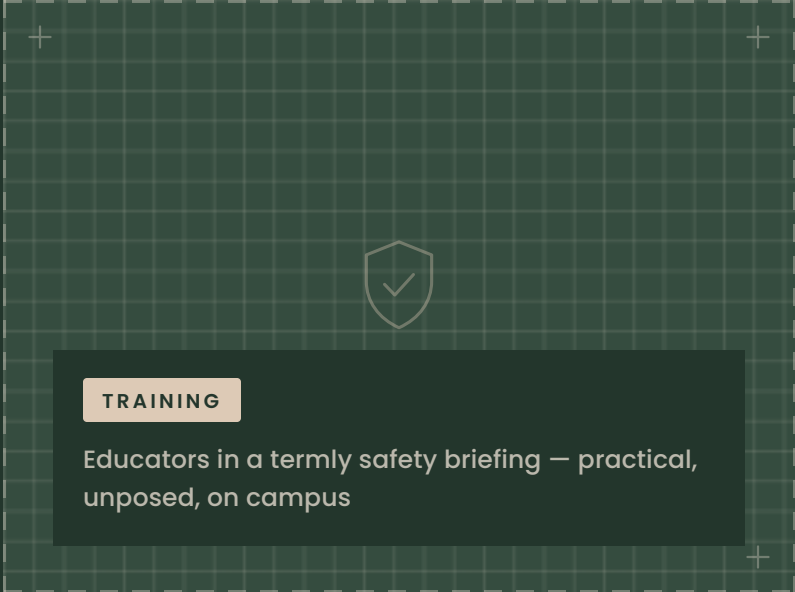

- ✓ Individual sleep spaces for infants
- ✓ Pediatric first-aid certified lead educators
- ✓ Individual allergy & dietary plans

Ongoing training, every term

Fire evacuation, emergency response, first aid readiness and child-safeguarding practices — reinforced continually so responses stay calm and confident.

Safety Policy PDF to be supplied by the centre.

Anything we haven't covered?

Ask us directly, or read how families' most common safety and wellbeing questions are answered.

Come and see The Nest for yourself.

We would love to meet your family and show you around our Umalas campus — the rooms, the garden, and the educators your child would be with.
